Dear George.

Thank you for your letter of 26 July about the financial position of the Medical Research Council.

I know that you would not lightly have raised these issues with me, and I should be glad to meet you, with Sir James Gowans, as soon as our diaries permit. I have asked my office to make contact with yours to arrange a time.

I think it would be useful if Keith Joseph, David Phillips and Robin Nicholson were to join us. If you would like to bring anyone in addition to James Gowans, please let my office know.

*Yours
Raymond*

The Rt. Hon. Earl Jellicoe, DSO, MC.
