**EMLEY MOOR**

The Prime Minister was grateful for the reports about the Emley Moor discussions given in your letter to me of 29 October and Geoff Dart's letter of 17 October. She is glad to know that the Chairman of the NCB is keen for the Board to look constructively at all the available options.

Prime Minister

The NC B seem  
generally to be trying to  
be helpful to the  
Emley Floor members.

Agree to write as  
proposed?

DRH

I should leave  
out the NC B's point  
unless we have worked  
it out more clearly
